## Profile Info

Proficient in building responsive and user-friendly web interfaces using HTML, CSS, and JavaScript. Seeking a challenging position where I can utilize my technical knowledge and creative problem-solving skills to contribute to the success of innovative web development projects. Adaptable and quick to learn new technologies and frameworks.

## Professional Skills

- C
- HTML
- CSS
- GIT & GITHUB
- MONGODB
- COMMAND LINE

## Personal Skills

- Communication
- Teamwork

## Hobbies

- Learning a new language
- Gardening

## Area of Intrest

- Protection and Switchgear
- Front End Development

## Education

- |  |             |
|--|-------------|
| • Bachelor of Engineering                                | Present     |
| Kongunadu College of Engineering and Technology   Trichy |             |
| Electrical and Electronics Engineering                   | CGPA 8.239  |
| • HSC  | 2019 - 2020 |
| Government Higher Secondary School Moovanur, Trichy      |             |
|  | 54.33%      |
| • SSLC   | 2017 - 2018 |
| Government High School   Vellur, Trichy                  |             |
|  | 86%         |

## Project (Software)

- |  |           |
|--|-----------|
| • Portfolio Website  | May, 2023 |
| Created and developed a personal portfolio website to showcase my skills, projects, and achievements. Leveraged a combination of HTML, CSS, and JavaScript to design an intuitive and visually appealing user interface. |           |

Link : <https://vignesh-website.netlify.app>

- |   |             |
|---|-------------|
| • Omnifood Website  | April, 2023 |
| Developed and launched Omnifood, a dynamic food delivery website aimed at providing a seamless user experience. Utilized HTML, CSS, and JavaScript to create an attractive and user-friendly interface that optimized the ordering process. |             |

## Certifications

---

- HTML & CSS, GUVI Geek Networks (2022)

Demonstrated proficiency in HTML and CSS languages for web development.

- Git & GitHub, GUVI Geek Networks (2022)

Demonstrated proficiency in version control using Git, including repository management, branching, merging, and collaboration with teams.

- MongoDB, GUVI Geek Networks (2022)

Gained expertise in MongoDB database management, including data modeling, CRUD operations, querying, and aggregation for building scalable and efficient applications.

## Value Added Course

---

- Applications of Sensors with Arduino and Node MCU    Mar 2022 - Apr 2022
  - Explored the practical applications of sensors in conjunction with Arduino and Node MCU platforms.
  - Acquired hands-on experience in interfacing various sensor types, programming Arduino and Node MCU boards, and collecting data from sensors.
  - Additionally, I gained insights into the challenges and considerations involved in integrating sensors with wireless communication protocols for IoT applications.

## Internship

---

- Industry 4.0, Gustavovalley Technovations    Mar 2022 - Apr 2022  
Role : Intern
  - Collaborated with a team to implement cutting-edge Industry 4.0 technologies and solutions.
  - Assisted in the development and deployment of IoT systems for real-time monitoring and data analysis in manufacturing processes.
